

Take Refuge in a Bohemian State of Mind

“Bohemianism is a way of life. A state of mind. An atmosphere. It’s about living richly and irreverently, beyond convention. It’s about being uninhibited, unbuttoned, creative and free.”

- The Bohemian Manifesto

Los Angeles – Inspired by the Mediterranean lifestyle and fashioned after a private pied-a-terre, **Petit Ermitage** offers guests an intimate sanctuary in which to take refuge from the bustling city of Los Angeles.

Nestled on a quiet street in West Hollywood, the boutique, 79 suite Hotel is located just steps from the infamous Sunset Strip and a short distance from the most desirable areas in the city of angels.

Eclectic European antiques grace each elegant space in the Hotel. Hallways and suites feature an extensive private art collection, including original works by **Miro, DeKooning, Erte, Rauschenberg** and **Dali**.

Understated decadence and artistic whimsy define the property and are visible in details from the **custom-crafted mattresses** and **618 thread count sheets** to the toy elephants placed in each suite. **In suite fireplaces** with **handcrafted mantels** are complemented by **hand-woven Turkish carpets**. **Fairytale Turn Down Service** and twenty four hour **Room Service** are offered daily.

The property boasts one of the most magical outdoor spaces in the city. The Private Rooftop - replete with **native gardens, a heated salt water European pool, cabanas, an outdoor sunken fireplace** and **360 degree views** of the **Hollywood Hills** - is considered one of the premiere private spaces in Los Angeles. The Garden is recognized as a **Hummingbird & Butterfly Sanctuary** by the **National Wildlife Federation** and serves **breakfast, lunch, dinner** and **cocktails** daily.
